14. Bur Oaks, Inc., Olivet 57052	30

The terms of the sale are cash and all settlements must be made at the close of the auction, in the office of the Mobridge Livestock Auction, Inc.

Both consignor and buyer shall make every possible effort to leave correct information at the auction market office for the sale manager, in order that the proper transfer of registration papers of registered stock can be made.

Animals sold in this sale will be fed and cared for until the day following the sale at the purchaser's risk.

Health Certificates showing results of T.B. and Bangs test within 30 days of sale or herd accreditation certificates will be furnished by the consignor, and should be picked up by the buyers when settlement is made.

NOTE: Some of these bulls have been semen evaluated. Each consignor that has semen tested will make such announcements, as they apply, in the auction ring. Several consignors are also Production Testing.

This is S P Mctavish 2nd, which is lot 15 in the catalog. This young bull should do a very fine job for some cattle man. Darrell is a young breeder of Shorthorn cattle and this is his first bull consigned to a State Sale. You'll be hearing from Darrell in the future since he just brought home a new Jr. herd sire from Northern Canada which should do well in his herd.

STANDARD GUARANTEE

ENDORSED BY THE AMERICAN SHORTHORN ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal substituted.
5. In the event an animal is returned by the buyer to the seller as a non-breeder, the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such certificate is required by the seller.
6. All animals are sold to comply with the laws regulating tuberculosis and Bang's disease of the state or country into which they may be shipped.
7. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
